NOTES RE GUT

After taking Arlosoroff to the Hadassah I went to Katie Dann in my car to bring Mrs. Arlosoroff back to the Hadassah. I found at Katie Dann not Mrs. Arlosoroff but Gordon. I ascertained she had gone out with Stafford. Gordon then said, "Perhaps she has been arrested". Finally, she came back with Stafford and I spoke to her. She told me that she and her husband had quarrelled and that he had gone on in front and that the people who had shot him were Arabs. Gordon remonstrated and said, "How can that be in Tel-Aviv?" She said, "I am 90% certain that they were Arabs". I asked her to go to the Hadassah Hospital and she said that she was busy.
